# Three ideas to use now

- **Know this**
- Start before graduation and continue through enrollment.
- Use personalized, actionable communication.
- Focus on aid, onboarding, housing, advising, and documentation barriers.

# What to know. What to verify.

## Start here

- Start before graduation and continue through enrollment.
- Use personalized, actionable communication.

## Verify before acting

- Do not promise eligibility, availability, admission, funding, placement, credit, licensure, or an outcome.
- Recheck dynamic information with the official owner before the student acts.

# Build your action plan

- **Next moves**

- Identify students with destinations and unresolved tasks.
- Create an institution-specific transition checklist.
- Assign a trusted contact and schedule.
- Track aid, verification, orientation, housing, placement, advising, and accounts.
